Introduction

This policy refers to the allocation of rooms in the leased and owned premises managed by the University for the Creative Arts.

Due to high demand, the university does not guarantee an offer of accommodation; therefore the purpose of the policy is to provide a clear set of principles to ensure a fair and transparent process for allocating rooms, to the limit of the supply.

This policy is reviewed on an annual basis and is subject to change.

Allocation process – Academic Year 18/19

The Applicant Portal opens on 12th March 2018. All accommodation applications must be submitted on-line and medical evidence emailed separately. The specific email address will be supplied on request.

The deadline for receiving applications is 13 May 2018.

The allocation process commences on the 14 May 2018 and will continue on a rolling basis to the 30 August 2018 using the eligibility criteria based on Medical, International and Distance.

Eligibility Criteria

Only students who are, or will be studying on a full time course at UCA are eligible to apply for accommodation.

Students may only apply if this is their first year of study at a particular campus, with the exception of students with a diagnosed medical condition/disclosed disability that necessitates the applicant to live in halls of residence.

Once an unconditional or conditional offer of a place in the university has been confirmed and accepted, students can apply for accommodation by way of an on-line application.

Students studying on the IFAD and GDAD courses starting in January 2019 will be guaranteed accommodation if applications have been received by the deadline date of 31 October 2018.

Due to high demand at Farnham, a selection of first term lets will be made available along with full term leases.

Leases will be offered for 39 weeks for UG/FE students and 53 week leases for PG students.

All rooms offered are equipped for single occupancy, with the exception of 2 twin rooms at Rochester

Applicants considering the twin room option due to the cost benefits should be mindful of the implications of sharing a study bedroom and be sure that they will be content to share close personal space with another person for the duration of the academic year. Where a hall room is let on a twin basis, the accommodation fee will be adjusted so that each occupant is only paying 65 % of the normal single-let rate.

Priorities for allocation to University Accommodation

The first allocation will be carried out week commencing 14th May and **all** rooms will be allocated at this point.

Priory order:

- Any students with a diagnosed medical condition/disclosed disability that necessitates the applicant to live in halls of residence rather than in private accommodation will be prioritised, as long as evidence is supplied in support of the application.
- Care Leavers will be considered and assessed on a case by case basis.
- Evidence must be received by 13 May 2018.
- Evidence can only be accepted from a qualified and registered doctor or medical practitioner for those applying on medical grounds and from the Local Authority for Care Leavers. This evidence will be considered and assessed by Library & Student Services (LSS) and Accommodation Services.
- New International/EU students if they have applied by the deadline of 13 May 2018.
- New students whose home address is the greatest distance (as the crow flies) from the respective University Campus. Due to demand no prescriptive distance is given as it is variable each year.

Please note that the Accommodation Services do not prioritise according to the date that the completed application is received, unless where more than one application is and the distance from the university is exactly the same.
