

## Additional Course Costs

BA (Hons) Photography – 4 year Farnham	
Equipment/materials needed	<p>Costs will vary according to the kind of work you produce. Staff will be able to advise you on how to pay reasonable prices for materials such as paper and film. It is recommended that you budget around £200-£500 for materials per year. It is possible though to work on a budget much lower than this.</p> <p>Students also benefit from having both a USB memory stick and their own hard drive (500GB or larger is recommended) to move large files around.</p> <p>Recommended suppliers include:</p> <ul style="list-style-type: none"> <li>- Firstcall photographic <a href="http://www.firstcall-photographic.co.uk">www.firstcall-photographic.co.uk</a> Web-based mail order company with a huge catalogue selling cameras, darkroom supplies and film as well as digital equipment and paper. No second-hand equipment.</li> <li>-London Camera Exchange <a href="http://www.lcegroup.co.uk/index_group.php">www.lcegroup.co.uk/index_group.php</a> Long-established chain of camera shops with particularly good guaranteed second-hand cameras. Visit your local branch if possible.</li> <li>-Calumet Photo <a href="http://www.calumetphoto.co.uk">www.calumetphoto.co.uk</a> Provide discount cards for UCA students.</li> </ul> <p>NB: The University has no financial agreements etc. with any of these retailers. Recommendations are based on staff and student experience.</p> <p>There is a small art supplies shop on campus which can supply the smaller items required such as craft knives, scissors, pens and pencils etc. They do stock a limited range of photographic papers and films but you may find you want to use more specialist suppliers for some of your requirements.</p>
Equipment/materials recommended	
Visits	<p>There will be, on average, two to three one-day study visits per term and approximately £50 should be budgeted for each of these for travel and other costs. These are often visits where students and staff meet in London to visit exhibitions and sometimes to attend talks. You will have the opportunity to join a field trip abroad in Stage 1. This is likely to last for four to six days and be based in a city such as Berlin or Paris. The field trip usually costs around £300 and a further £200 approximately should be budgeted for expenses while on the trip. Overseas trips are not compulsory.</p>
