

MA Product Design, Farnham

Additional Course Costs

<p>Equipment/materials needed</p>	<p>You will need some items from the outset to record research, explorations, design development and ideas and thought, please bring the following items with you. Everything listed is available in the University shop or locally in Farnham.</p> <ul style="list-style-type: none"> - Sketch book – minimum size A4 - Selection of drawing implements and materials, such as pens, pencils, crayons, and charcoal - Glue - Scissors or scalpel - A4 file and plastic sleeves - A note book <p>You may like to bring any hand tools you may have in relation to your pathway, however the University does have enough equipment for you to use while you develop your work. Any personal electrical items will need to be PAT tested by the Resources Team before they can be used on campus.</p> <p>There will be costs incurred during the course for materials, each student will be responsible for the costs of the materials for their personal research and projects, however please do discuss this with your tutors and the staff, where possible there are opportunities for course or University assistance, alternative materials that can be used for experimentation and grants and funding available at various times of the year.</p> <p>There are opportunities to exhibit internally and externally, these will be optional for students to take part in and any costs will be divided between exhibitors.</p>
<p>Equipment/materials recommended</p>	<p>Other equipment and materials will be required and will depend on the project and personal path you wish to undertake.</p>
<p>Visits</p>	<p>Visits and Study Trips Depending on the guidance of the Government and the University there may be a free visit to a series of exhibitions, spaces and installations in London at the end of the Welcome Week. More details will become available during your first week. Field trips inside the UK are sometimes free, but you're likely to be expected to pay the cost of travel associated with these field trips, such as travelling to London for an exhibition for example or researching specific buildings or design companies – on average around £50 per year.</p> <p>Overseas Study trip 2021 After successful previous trips to Barcelona 2018, Venice 2019 and Berlin 2020 this academic year we are still hoping to go on an overseas study trip in term 2 (2021) but this will be guided by the advice of the World Health Organisation, the Government and the University.</p> <p>There is a charge for students to join these overseas trips - usually ranging from around £300 - £450 for travel and hotel. You will receive more details during term 1.</p>
